**** Covid-19 Guidelines for Mass Butterfly Club Trips and Counts ****

Leaders:

- Leaders may choose to ask participants to mask up, and should ask whether the group is comfortable with or without masks.
- Trips are held at the discretion of the leader. If a leader isn't comfortable and an alternate leader isn't found, the trip can be cancelled.
- Leaders are responsible for the group following the property guidelines of the site. These may include one-way trails, parking limitations, etc.

Participants:

- Contact a leader the day before a trip to let them know you will be participating.
- Participants do not have to wear masks, but should bring a mask in case the group determines that they're more comfortable masking.
- Make every attempt to keep a social distance of 6+ feet and take turns to photograph butterflies.
- If you need a mask break or a water break, move to a location that's far away from the group.

Enjoy the socially-distanced butterflies!
